Experience

Klotski Puzzle Project — CS109 Course Project — 04/2025 - 05/2025

[Project GitHub](#)

As Major Contributor - Scored 104/100 (Exceeding Requirements)

- **Developed Java puzzle game with 15+ features** including multi-level design, undo system, and leaderboards
- **Engineered BFS solver** with HashMap state pruning and path backtracking for optimal solutions
- **Resolved JDK 23 compatibility** issues to package Windows executable

Skills

Programming Languages: ☕ Java 🐍 Python, ⓒ C++,

Tools and Frameworks: Git,GitHub,Markdown,IntelliJ IDEA,exe4j

Languages: Chinese (native), English (proficient)

Interests & Hobbies

🔬 **Research Interests**

- **Computer Vision & AI**: Passionate about deep learning applications in image recognition and object detection
- **Algorithms & Data Structures**: Passionate about solving algorithm problems recently

❤️ **Community Engagement**

- **Volunteer Work**: 25+ overall service hours with Shenzhen Volunteer Association
- **Tech Outreach**: Mentor for high school physics workshops

🏃 **Personal Fitness**

- **Competitive Running**: Completed 2024 Wenzhou Marathon (Half Marathon category)
- **Fitness Regimen**: member of SUSTech Runner Club, Daily 5K runner with consistent training
